SmartSetup Matter Thread smart switch

---

1 Product Description

Smart Switch is developed according to the Matter standard protocol, and have passed Matter certification of CSA. They can be bound and controlled through ecosystem platforms such as Alexa App/Echo, Apple Home App/Home Pod Mini, Google Home App/Google Nest Hub and Smart things App/Samsung Smart home Hub.

2 Basic Product Functions

Voice control: The device can be controlled by voice through Alexa, Siri, Google Assistant, or other devices that have passed Matter certification App control: Device control can be achieved through Alexa, Apple Home, Google Home, SmartThings or other apps that have already solved the Matter SDK.

Device reset: Press and hold the switch button for 10 seconds to reset, with the indicator light flashing 3 times to indicate a reset.

Device pairing: There is a Matter QR code and an 11-digit short code on each device. To bind a device, you can use the matching App to scan the QR code or enter the 11-digit short code for pairing and binding.

3 Reset

Press to turn the socket ON or OFF.
Press and hold(for 10 seconds) until the LED flashes to initiate the factory reset the Smart Switch.

---
